### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the claims:**

Claims 2-4, 7-12, 14-16, 18-20, 22-24, and 26-28 have been cancelled as being an invention non-elected without traverse.

2. The following is an examiner's statement of reasons for allowance: the limitations reciting a docking frame including a cutting machine as claimed, a docking station as claimed, a locker device as claimed, a peripheral functional gear as claimed including a retractable utility table as claimed and a utility tools box as claimed, and a dolly frame as claimed in combination with other limitations set forth in claims 29 and 32 are not anticipated or made obvious by the cited prior art. For example, Cole teaches a portable collapsible work table including a support frame and a sliding table. Braddock teaches a support for a portable table saw including a carrying frame and adjustable members for receiving a screw for attaching a body portion of the table saw. Oltman teaches a workbench including a tool holder. However, Cole, Braddock, and Oltman, singly or in combination, do not teach a docking frame including a cutting machine as claimed, a docking station as claimed, a locker device as claimed, a peripheral functional gear as claimed including a retractable utility table as claimed and a utility

tools box as claimed, and a dolly frame as claimed in combination with other limitations set forth in claims 29 and 32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
